behind

Designers by trade and eco-conscious by nature, we were united by the goal of finding innovative solutions to wasteful habits and making a positive impact.

our mission

Eliminate single use
items by creating
reusable sustainable
alternatives

A close-up photograph of a hand holding a teal-colored toothbrush. The toothbrush has a unique, textured head made of small, rounded bristles. The hand is positioned on the left side of the frame, with the thumb and index finger gripping the handle. The background is a soft, out-of-focus grey, creating a minimalist aesthetic.

one that
replaces
thousands

We are designing our way to a better world with less trash, our brand is about creating reusable alternatives for a greener lifestyle and our message is that the single-use industry is polluting our planet unnecessary - so it's time to change this is now.

core values

Zero Waste

Switch to reusable alternatives and reduce massive amounts of waste impacting our environment.

Easy to Clean

All our products are easy to clean and store, so it becomes a convenient experience.

Made to Last

Durability and quality is key when we design, so our products lasts for hundreds and even thousands of uses.

LastSwab

LastSwab comes in a variety of colors, each named after an endangered species caused by ocean pollution.

The paper packaging that it comes in upon shipment is made of 100% compostable cardboard.

The world's first reusable cotton swab

LastSwab is an alternative to the everyday cotton swab. It's made in a basic and beauty version. Made from TPE, PP, and stored in a carrying case made in recycled ocean bound plastic, one LastSwab is meant to replace 1000 single use cotton swabs.

Simply use, wash and repeat.

Save the planet from more than 3100 single-use tissues

It's like if a
handkerchief and
a tissue pack had
a baby

We're bringing you the best of both
worlds: the easy, on-the-go
availability of the tissue pack and
the environmentally-friendly, soft-
on-the-nose handkerchief.

LastTissue
